Typography

Recommended pairing: Space Grotesk for headings + Inter for body. Alternative: Sora + Inter.

UI Style

- Cards: 12–16px radius, thin borders, minimal shadows, generous spacing.
- Buttons: Electric Indigo primary; white/slate bordered secondary.
- Map selection: subtle elevation/glow and smooth camera focus.
- Keep decorative UI subordinate to navigation and information.

Tone of Voice

Clear + friendly + helpful + slightly Gen-Z. The product should sound like a smart campus buddy, not a formal university administrator.
